

DONNYBROOK DISTRICT HIGH SCHOOL

An Independent Public School

PRINCIPAL – James Milne

Dear Parents/Carers,

YEAR 7 HASS

Welcome to Term 2 2017. We continue on the same structure we had last term with the students divided into two groups. Each group will cover History with a focus on Ancient Worlds and Geography with a focus on Water in the World and Places and Liveability. The two groups of Year 7 students will now swap teachers. It is very important to encourage your child to submit all work by the due date and that it is completed to the best of their ability.

All students are working from the Western Australian Curriculum which is available for you to view online at <http://k10outline.scsa.wa.edu.au>

Water in the World

The classification of environmental resources (renewable and non-renewable).

Place and Liveability

The factors that influence the decisions people make about where to live and their perceptions of the liveability of places.

The Ancient World (Depth Study)

The physical features and how they influenced the civilisation that developed there (Ancient Rome)

The students from both groups will also work closely with Esme Kidd in the Library to develop key research skills and techniques that will be applied across all of their learning areas.

Please do not hesitate to contact me if you have any questions or comments. I look forward to this term and to working with your child.

Yours sincerely

Neil Robertson

HASS Coordinator
